

THEMBISILE HANI LOCAL MUNICIPALITY

CREDIT CONTROL AND DEBT COLLECTION POLICY

2021/2022

PRINCIPLES AND POLICY ON CREDIT CONTROL AND DEBT COLLECTION

1. BACKGROUND

1.1 Legal Framework

1.1.1 This policy has been compiled in accordance with the Local Government- Municipal Systems Amendment Act (MSA), 2003, Act No 44 of 2003. The Council of the municipality, in adopting this policy on Credit Control and Debt Collection, recognizes its constitutional obligations as set out in Chapter 7 of the Constitution and Chapter 9 of the Municipal Systems Act, No 44 of 2003, to develop the local economy and to provide acceptable services to its residents. It simultaneously acknowledges that it cannot fulfill these constitutional obligations unless it exacts payment for the services which it provides and for the taxes which it legitimately levies in full from those residents who can afford to pay, and in accordance with its indigent relief measures for those who have registered as indigents in terms of the Council approved indigent management policy.

1.2 Provision of Services

1.2.1 The Municipal Council must give priority to the basic needs of the community, promote the social and economical development of the community and ensure that all residents and communities in the municipality have access to at least the minimum level of basic municipal services in terms of section 152 (1) (b) and 153 (a) of the Constitution.

1.2.2 In terms of the MSA the municipal services provided to residents and communities in the Municipality must:-

- be within the municipality's financial and administrative capacity;
- be provided in a manner that –
 - is fair and equitable to all its residents and communities;
 - ensures the highest quality service at the lowest cost and the most economical use and allocation of available resources; and
 - is financially and environmentally sustainable; and
- regularly be reviewed with a view to upgrading, extension and improvement.

1.2.3 According to the MSA the phrase “financial sustainable”, in relation to the performance of a municipal service, means the performance of a municipal service in a matter that:-

u is likely to ensure that revenues from that service are sufficient to cover the cost of –

- operating the service; and
- maintaining, repairing and replacing the physical assets used in the performance of service;

u is likely to ensure –

- a reasonable surplus in the case of a service performed by the Municipality itself;
- a reasonable profit, in the case of a service performed by a service provider, other than the Municipality itself;

u is likely to enable the Municipality or other service provider to obtain sufficient capital requirements for the performance of the service; and

u takes account of the current and anticipated future –

- level and quality of that service;
- demand for the service; and
- ability and willingness of residents to pay for the service.

1.3 Credit Control and Debt Collection

1.3.1 The Municipal Council must ensure that all money that is due and payable to the Municipality is collected, subject to the provisions of the MSA.

1.3.2 For this purpose the Municipal Council must adopt, maintain and implement a credit control and debt collection policy consistent with its rates and tariff policies and complying with the provisions of the MSA.

1.3.3 The credit control and debt collection policy may differentiate between different categories of ratepayers, users of services, debtors, taxes, services, service standards and other matters as long as the differentiation does not amount to unfair discrimination.

1.3.4 The Municipal Council must adopt by-laws to give effect to its credit control and debt collection policy, its implementation and enforcement.

4.6.2 Any dishonored payment in par 4.7.1 above due to insufficient funds with the financial institution on which it is drawn, will be sufficient grounds for a review of the credit rating of the customer in terms of par 4.4.2 and 4.4.3 above.

4.6.3 The Chief Financial Officer may determine not to accept a cheque or other negotiable instrument as payment from a customer, other than a cheque or negotiable instrument on which payment is guaranteed by the financial institution on which it is drawn, should a payment or previous payment by the customer has been dishonored as meant in par 4.7.1 above.

4.12 Disputes and Payments during Disputes

4.12.1 A dispute must be submitted in writing to the Municipal Manager prior to the final due date for payment of the contested amount. Such dispute must contain details of the specific item(s) on the account, which are subject to dispute with full reasons.

4.12.2 Should any dispute arise as to the amount owing by an owner in respect of municipal services the owner shall, notwithstanding such dispute, proceed to make regular minimum payments based on the calculation of the average municipal debits for the preceding three months prior to the arising of the dispute and taking into account interest as well as the annual amendments of tariffs of the Municipality.

4.13.3 The provisions above shall prevail notwithstanding the fact that such lesser payment was tendered and/or accepted in full settlement.

4.13.4 The Chief Financial Officer and/or his/her delegate shall consent to the acceptance of such a lesser amount in writing.

4.14 Arrangements to Pay Outstanding and Due Amount in Consecutive Installments

4.15.1 One of the key objectives of debt collection is to encourage debtors to start paying their monthly accounts in full. In addition it is also necessary to ensure that arrear debt is addressed. The current average balances on consumer accounts necessitates that innovative ideas be implemented to encourage consumers to pay off their arrears. At the same time it is also of utmost importance that regular payers not be discouraged through the implementation of any possible incentives.

4.15.2 The main aim of an agreement will be to promote full payment of the current account and to address the arrears on a consistent basis. A debtor may enter into a written agreement with the

Municipality to repay any outstanding and due amount to the Municipality under the following conditions:-

- u The outstanding balance, costs and any interest thereon shall be paid in regular and consecutive monthly instalments;
- u The current monthly amount must be paid in full; and
- u The written agreement has to be signed on behalf of the Municipality by a duly authorized officer.

4.15.3 In order to determine monthly instalments, a comprehensive statement of assets and liabilities of the debtor must be compiled by a treasury official. To ensure the continuous payment of such arrangement the amount determined must be affordable to the consumer, taking into account that payment of the monthly current account is a prerequisite for concluding an arrangement.

4.16 Amnesty and/or Incentive Scheme

A debtor owing Thembisile Hani Local Municipality water, sanitation services, refuse removal and rates and taxes (i.e. property rates) who pays half of the amount owing including the current bill anytime between 01 July 2020 and 30 June 2021 may be legible for consideration for writing off of the other half of his/her debt. 4.17 Interest on Arrears

4.17.1 Implementation of the following principles **(as a once off initiative)** could also enhance the success of debt collection to a great extent:-

- u Levying of interest on arrear accounts should be immediately suspended upon completion of a debt agreement. This will allow debtors to see progress on their accounts, as continued payments will reflect a decrease on the balance.
 - u As long as the agreement is honored no further interest will be added. However, in case of defaulting the suspended amount will be reversed and interest will again be levied from date of default.
- Where debtors fail to honour their arrangements without prior consultation interest will be reinstated and added to the original debt amount.

4.18 Reconnection of Services

6.2 A customer who becomes aware of an illegal connection of the water supply to a property or premises owned by or occupied by such customer, must immediately notify the Council thereof

structure be established with a credit control officer in charge. In view of the fact that credit control and debt collection must always be able to operate in isolation to any customer management service, it is imperative that a staff establishment for this function be implemented.

5.2 The establishment of a credit control and debt collection division will have to be financed from the operating budget, which will have an incremental impact on the budget. However, this will be offset by improved cash inflow as a result of an efficient collection system.

6. FRAUD, TAMPERING AND OTHER CRIMINAL ACTIVITY

6.1 Any person, who undertakes or allow or causes any other person to undertake an illegal connection, will be guilty of an offence.

his/her identity will be protected, a compensation of R250 will be offered upon verification of the claim by the Manager Technical Service.

6.4 The Municipality may not interfere where criminal activity is evident. The legal penalties and criminal justice system may not be subject to conflicting resolutions by the municipality. All such cases must be prosecuted to the fullest extent of the law.

6.5 The Municipality may not supply water to a customer who is found guilty of/or if it is admitted that fraud, theft or any other criminal action involving the use of these services existed, until the total costs, penalties, other fees and tariffs and rates due to the municipality have been paid in full.

7. AGENTS, ATTORNEYS AND OTHER COLLECTION AGENTS

7.1 All external agents acting on behalf of the Municipality are to be identified, together with their details and contact information. Likewise, all agents are to be supplied with a copy of the credit control measures.

Under no circumstances may agents negotiate terms, extend payment periods or accept cash on behalf of municipality, unless specifically instructed in writing to do so. The agent, on request by consumers, must produce this instruction.

7.3 The costs to the Municipality and to the debtor must be detailed for each stage of the credit control measures and for all possible actions. The liability for the costs of legal action and other credit control actions must as far as is legally possible be for the account of the debtor.

7.4 Unclaimed deposits

This related to deposits which were received from municipal customers in respect of service charges and/or any other purpose where the municipality is unable to trace the depositor. The customers must immediately walk into the headquarters once discovering that the deposits they made were not allocated accordingly unto their municipal statements. Failure to do so after a three years when no claims are made or the origin

of the payment is still unknown / unidentified, the unknown receipt as posted in the Unallocated Revenue account will be disclosed as other revenue.

8. CREDIT CONTROL POLICY TO BE APPLIED FOR INDIGENT HOUSEHOLDS

8.1.1 The key purpose of an indigent subsidy policy is to ensure that households with no or lower income are not denied a reasonable service, and on the contrary the local authority is not financially burdened with payment of services.

- Payment of services in terms of indigents household shall be determined by the recommendation from the Indigent Committee.

8.3 Obligation to renew the indecency benefit

8.3.1 It is important to note that the subsidy recipients renew their status on an annual basis. In contravention to this clause the consumer will be responsible for full payments of the services.

8.4 Benefits of Indigents

The Indigents shall be entitled to be exempted from the following charges as per the Indigents Subsidy Policy:

- Rates and Taxes
- Water Service Charge
- Refuse Removal
- Sewer Charges

9. DEBT COLLECTION

9.1 Abandonment of Claims

The Municipal Manager must ensure that all avenues are utilised to collect the municipality's debt. There are certain circumstances that allow for the valid termination of debt collection procedures as contemplated in section 109(2) of the Systems Act, such as:-

- The insolvency of the debtor, whose estate has insufficient funds.
- A balance being too small to recover, for economic reasons considering the cost of recovery.

Where Council deems that a customer or groups of customers are unable to pay for services rendered.

The municipality will maintain audit trails in such an instance, and document the reasons for the abandonment of the action or claim in respect of the debt.

9.2 Writing off Bad Debt
